YOUR HOMEWORK

Before you show up

- **Watch the films.** The more you know, the better you draft. No shame in trailer-only prep, but you will feel it in the picks.
- **Know the nominees.** All 24 categories are in play. Best Picture, Director, all the acting categories, and the technical awards too.
- **Have opinions.** You will need to assign a confidence value to every single category. Gut feeling counts.
- **No spoilers.** We're watching live together. Don't read the predictions obsessively if you want the night to feel real.

A FEW THINGS WE'RE NOT TELLING YOU YET

Each player picks an avatar from the nominees. Who you are matters.

There is a leaderboard. It updates in real time. It will cause arguments.

An AI companion watches the ceremony with you and has opinions. Possibly terrible ones.

See you March 15

Bring your phone, your takes, and your confidence.
The app does the rest. **Let's go.**
